## DETAILED ACTION

### *Election/Restrictions*

1. Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-91, drawn to a method, classified in class 438, subclass 690.
- II. Claims 92-97, drawn to an etching system, classified in class 156, subclass 345.1.

The inventions are distinct, each from the other because of the following reasons:

Inventions I and II are related as a method and system for its practice. The inventions are distinct if it can be shown that either: (1) the method as claimed can be practiced by another materially different system or by hand, or (2) the system as claimed can be used to practice another and materially different method. (MPEP § 806.05(e)). In this case, the system can be used to etch any structure, regardless of whether the structure is a microelectromechanical or semiconductor device containing a sacrificial layer.

Because these inventions are distinct for the reasons given above and have acquired a separate status in the art as shown by their different classification, restriction for examination purposes as indicated is proper.

2. A telephone call was made to Dawn Rose on Dec. 14, 2004 to request an oral election to the above restriction requirement, but did not result in an election being made.

Art Unit: 1765

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).
4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Eric B. Chen whose telephone number is (571) 272-2947. The examiner can normally be reached on Monday through Friday, 8AM to 4:30PM.
